Dear Mr. Mills,

Re: Case No. 93-158  
Lexington MSA Limited Partnership, d/b/a BellSouth Mobility

Thank you for your information and the order of the Kentucky Public Service Commission of June 10, 1993 requiring BellSouth Mobility to respond to my objections to the construction of a 293 foot tall self-supporting cellular telecommunications tower and antenna at 211 Forest Ave. in Danville, Kentucky.

The cordial letter of explanation from Ms. Susan Israel of BellSouth Cellular Corp. does not sway me from my original objections.

Therefore, I request full intervention and a hearing in this case. I further request that the Kentucky Public Service Commission set a procedural schedule in the matter.

I also make a request for information concerning this case. I wish to know if there have been any other objections filed, copies of any documents from BellSouth Mobility showing alternate tower locations within the service area, copies of studies and reports in the decision to utilize the present proposed location, and the names of the principals in Lexington MSA Limited Partnership.

Thank you.

Sincerely yours,

  
Hershel I. McKinley
